

BELLINGHAM CITY COUNCIL MET INCHAMBERS
JUNE 20, 2011

ANNOUNCEMENTS:

Monday, July 11, 2011 there will be public hearings in Council Chambers:

- 1) A public hearing to consider amendments allowing certain structures and architectural features to encroach into a required setback and modify the front yard setback option.
- 2) public hearing on Ordinance to prohibit signs in medians and roundabouts.

The Draft 2012-2017 Transportation Improvement Program (TIP) named **AB19211 was passed.**

The Proposal for rental Unit Licensing named **AB18687 Was NOT passed** after a heated discussion and deep division among the council members. The reasons given for voting against were that this bill didn't please either party and further discussion is needed to find a "better" solution.

Many other internal and budgetary items were handled. None of them particularly controversial.
